UK Insurance & Long-Term Savings
Key Facts
December 2019
The UK insurance industry is the largest in Europe and the fourth largest in the world.

It plays an essential part in the UK’s economic strength, managing investments of almost £1.7 trillion and paying nearly £12bn in taxes to the Government. It employs around 300,000 individuals, of which around a third are employed directly by providers with the remainder in auxiliary services, such as broking.

On behalf of its members, the ABI works with government, regulators and policymakers to create and maintain effective insurance markets for consumers, and represents the UK insurance market in the media. We provide consumers with general information on insurance and savings products and services, and promote best practice, transparency and high standards within the industry.

Each year the ABI publishes a summary booklet of the UK insurance industry. This booklet provides facts and figures on 2018 (unless otherwise stated and where available) about UK insurance and its significant contribution both to the economy and society.

1 Unless stated, data is ABI data and covers ABI data providers only.

ONS - Annual Survey of Hours and Earnings (ASHE)

11 The Pensions Regulator, Declarations of Compliance July 2018

12 includes personal and work-based individual pension as well as trust based pensions, master trusts and investment only pensions.
RETIREMENT INCOME

The pension reforms announced in 2014 gave people more flexibility around how to access their pension pots at retirement.

£6.8bn withdrawn

An estimated £6.8bn was withdrawn from pension pots through both drawdown payments and cash withdrawals in the year from April 2018 to March 2019.

INCOME DRAWDOWN

Income drawdown contracts allow you to take an income from your pension pot while the rest remains invested.

£9.46bn invested in drawdown

In 2018 £9.46bn was invested in Income Drawdown products, with 111,600 new contracts this is an average of almost £84,800 invested. This compares to £9.22bn and 102,200 contracts sold in 2017.

ANNUITIES

An annuity can be purchased with a sum of money from a pension which will then provide an income during retirement.

6.6m pension annuities in force

In 2018, £14.9bn in payments were made.

70,000 annuity sales

There were 70,000 annuity sales in 2018, increasing from 69,000 in 2017. The total value of annuity sales has remained the same at £4.4bn.

49% bought from existing provider
INVESTMENT AND SAVINGS
Investment and savings products include investment bonds and endowments.

| 5.8m policies in force | £40m paid per day | 77,000 new policies |

2018 saw 77,000 new savings and investment policies sold.

LONG-TERM CARE

24,000 policies in force

ISAs

200,000 new ISA policies in 2018

PROTECTION
Protection products include term life, whole of life, relevant life, income protection, critical illness and collective life insurance, and provide financial security in the event of serious illness, accident or death.

| 23.7m policies in force | 2.5m new policies | £14.5m paid per day |

There were 23.7m individual term, whole of life, income protection and critical illness insurance policies in force. In addition, there were 442,000 collective life policies.

There were 2.5m new individual and group protection products were taken out in 2018.

£5.3 billion was paid to 189,000 customers or families as a result of claims on protection insurance policies, an average of £14.5m each day.

11.6m members

There were 11.6m members of group life cover, group income protection and group critical illness schemes, of which 8.6m were life cover. Group cover is provided by employers for the benefit of their employees.

98% claims acceptance

98% of protection claims were paid out, including 97% of term life insurance claims and 92% of critical illness claims.
How Customers Purchase Insurance Products

The relative simplicity of some household insurance products means that consumers are more likely to purchase them directly than they are longer-term insurance products. Over half of personal motor insurance (61%) and nearly a third of personal property insurance (30%) is purchased directly by consumers, which includes sales via a price comparison website.

Long term savings and investment products tend to be taken out with advice. 80% of customers who purchased a pension, protection or other long-term insurance product had some form of advice. Whether advice is taken depends on the product being purchased.

Independent advice was taken by 71% of consumers in selecting a pension product. For protection products it was 67%. 
Insurance & long-term savings: Important role as investors

Insurers that provide long term savings and life insurance products ensure they meet their long-term liabilities by investing the premiums received in different types of investments.

At the end of 2018 ABI members held £1.74tn of assets, of which £1.60tn was held by life insurance companies.

UK Equity holdings have decreased from 15% of the total in 2009 to only 4% today. Overseas Equity has also decreased, falling 3% in the last 10 years. Unit Trust business has increased significantly over the same period, and in 2018 reached holdings of £502bn.
