

The Association of British Insurers Helping Parliamentarians

The Association of British Insurers is the voice of the UK's world leading insurance and long-term savings industry.

A productive, inclusive and thriving sector, we are an industry that provides peace of mind to households and businesses across the UK and powers the growth of local and regional economies by enabling trade, risk taking, investment and innovation.

How we can help

Bill briefings on legislation concerning insurance and long-term savings matters

Assisting with constituent enquiries about insurance or related issues

Policy insight and guidance

Support and training seminars for parliamentary researchers and constituency staff

We work with parliamentarians on a broad range of topics, providing support for constituency queries, briefings and industry events.

The ABI regularly circulates briefings ahead of parliamentary debates and legislation that have a bearing on insurers and their customers.

We can also provide briefings and statistics of how the industry powers regional economies throughout the UK, driving growth and supporting quality employment.

As the European Union (Withdrawal) Bill and related secondary legislation progresses through the House, we are particularly keen to work with you to ensure that the measures introduced are proportionate and fit-for-purpose.
