

Prudential Regulation: Setting our course for a bright future 25 May 2021

The ABI's 2021 Prudential Regulation webinar will offer participants a chance to reflect on the prudential framework UK insurers are likely to face in the 2020s, and the evolving nature of the relationship between our industry and its regulators. HM Treasury's parallel reviews into these areas represent a crucial inflection point for our industry – their outcomes will determine the direction of travel for prudential regulation in the UK for many years to come. These, along with the impact of climate-related risks, the role of stress testing, including the pioneering Climate Biennial Exploratory Scenario, and scenario analysis will be key areas of focus for the webinar.

13:55	Registration
14:00	Welcome and introduction
	Charlotte Clark CBE, Director of Regulation, ABI
14:05	Keynote Address One
	Anna Sweeney, Executive Director, Insurance Supervision, Prudential Regulation Authority, Bank of England
